CORPORATE STRATEGY 2011 – 2015

2012 REVIEW

Foreword

Welcome to Ribble Valley Borough Council's Corporate Strategy for 2011 - 2015.

This document sets out the strategic direction of the Council over the period 2011 - 2015, providing a focus to ensure that the services we deliver meet the needs of our communities. The Strategy has a four-year scope, but is reviewed annually to ensure that it continues to reflect changes to our priorities that occur over time. Following the next local elections taking place in 2015, we will develop a new Strategy.

Cllr Michael Ranson
Leader of the Council

Our vision for Ribble Valley

Our VISION continues to be that we aim to ensure that Ribble Valley will be:

"An area with an exceptional environment and quality of life for all; sustained by vital and vibrant market towns and villages acting as thriving service centres meeting the needs of residents, businesses and visitors."

We believe that this VISION reflects the aim for the Borough, which has the highest quality of environment for those who live in and visit the area. It recognises that people must have a high quality of life; that suitable homes are available to meet their diverse needs and that they should be safe and feel safe. People should also be able to access the best services without having to travel long distances to receive them.

What communities are telling us

Through participation in the Ribble Valley Citizens' Panel and the 2011 Perception Survey, we know that residents see the following issues as the most important in making somewhere a good place to live:

- Crime levels
- Health services
- Education provision
- Clean streets
- Access to nature

The following issues were scored highly by residents as both 'make the area a good place to live' and 'most need improving':

- Affordable, decent housing
- Road and pavement repairs
- The amount of dog fouling
- Activities for teenagers
- The level of traffic congestion
- Job prospects
- Street cleanliness

We will continue to do this by targeting improvement to services to ensure all our services are performing, and are rated by our customers, as above average.

To help make peoples lives SAFER AND HEALTHIER

Ribble Valley is a low crime area and a safe place to live. It is the safest place in the north west and second safest place in the country. This success is in part due to the excellent work of our Community Safety Partnership.

Baseline data, which has been collated in terms of health, presents a generally healthy picture, but health issues surrounding an aging population and access to services in isolated communities represent potential issues.

Our objectives:

- To improve the health of people living and working in our area
- To improve the opportunity for young people to participate in recreational and sporting activity
- To ensure that Ribble Valley remains a safe place to live
- To take a leading role in working with partners on the emerging public health agenda
- To combat rural isolation

Our key actions:

- To seek to improve Ribble Valley food businesses, to achieve a food hygiene rating of 3 star and above
- To tackle fuel poverty across the borough
- To continue to work with our Community Safety Partnership, ensuring that low crime levels are maintained, by tackling crime, anti social behaviour and fear of crime
- To emphasise, and re-establish if necessary, the alcohol free zones in Clitheroe and other parts of the Ribble Valley
- To work with Ribble Valley GP's and other partners on local health and wellbeing needs
- To ensure access to services in isolated communities

Our key measures of success

- Number of Ribble Valley food businesses achieving 3 star and above in the National Food Hygiene rating system
- Percentage of residents satisfied with sports and leisure facilities
- Percentage of people participating in sport on 3 or more occasions per week
- Percentage of residents who feel safe in their local area during the day and after dark
- Take up of support/services offered by STAN

To PROTECT AND ENHANCE the existing ENVIRONMENTAL QUALITY of our area

Our ambition is to protect the local environment, parts of which rank amongst the finest in England. The Council provides a high quality environment, including safe, clean parks and open spaces.

Ribble Valley faces increasing pressure to reduce the negative impact of waste on its environment. The Council wants to increase recycling, minimise waste generation and reduce waste disposed to landfill.

Our objectives:

- To conserve our countryside, the natural beauty of the area and enhance our built environment
- To increase the recycling of waste material
- To provide a high quality environment, keeping land clear of litter and refuse, and reducing the incidents of dog fouling

Our key actions:

- To finalise the Core Strategy in order to ensure that development in Ribble Valley for the next 20 years is proportionate.
- To deliver a co-ordinated approach to Planning through the Local Development Framework
- To increase the use of renewable energy sources
- To maximise recycling and reduce the amount of waste going to landfill
- To continue with our approach of zero tolerance of dog fouling, litter and fly tipping
- To deliver a waste and responsible dog ownership education and awareness programme

Our key measures of success

- Percentage of residents satisfied with parks and open spaces
- Completion of planning documents in accordance with timetables
- Percentage of residents satisfied with the cleanliness of the borough
- Percentage of residents satisfied with the waste and recycling collection services
- Percentage of waste sent for reuse, recycling and composting

To MATCH the SUPPLY OF HOMES in our area with the IDENTIFIED HOUSING NEEDS

Like the rest of the country, Ribble Valley saw a rapid rise in house prices in recent years. A clear priority for local people has been identified as providing accommodation which is affordable for local people.

Our objectives:

- To meet the housing needs of all sections of the Community
- To provide additional affordable homes throughout the Ribble Valley

Our key actions:

- To maintain up to date housing needs surveys across the borough
- To bring empty properties back into use
- To work with partners to agree priorities and secure investment in housing
