Subject: Planning App 3/2010/0135

Claire

Please be advised that Gisburn Parish Council wish to object to the above planning application on the following grounds:

- the building will be too close to the school
- the building is of excessive size for the land area
- no plans for containment of waste so there is nothing to stop the waste from entering the school field
- all surface and roof water will drain straight onto school field
- the drive should be tarmacadamed onto the A682 not just graveled
- the applicant did not consult the neighbouring landowner

Cathy Holmes
Clerk to Gisburn Parish Council
