Hello, I am writing to object to the local housing plan to build 1670 more houses in Clitheroe. I think this is far too many—the infrastructure cannot support this amount. The health service will not be able to cope, there are no plans to upgrade Clitheroe hospital, no plans to increase the numbers of GP surgery, LCC funding is only available up to 2014. There has been no mention of anymore provision for the elderly does this mean that any new houses built will only be sold to people of a certain age? Regards.
