Dear Sirs,

I wish to object to the proposed Housing development in Cathkin as follows:

1. Cathkin should not have more than 400 houses.
2. The proposed site is of prime agricultural value.
3. No provision seems to be made for early Education in Valley Rd, it involves two journeys for children to commute to school.
4. Cathkin Hospital was scheduled to be rebuilt, money allocated but has disappeared.
5. As proposed the Asteras GP's will have to go to nearby Ferm.
6. No plans to increase Car parking in town.
   They are reducing by Hook Road & Jaff St.

Yours Sincerely
