**Part B**

Please use a separate form for each individual comment.

1. Name / Name of organisation (if you are responding on behalf of an organisation)

2. To which part of the Core Strategy does this comment relate?
   - Inadequate Infrastructure Plan

   Part of document eg Key Statement reference, 'Vision' section etc...

   Paragraph No.

3. As a consequence do you consider the Core Strategy is:
   - Yes
   - No

   i) Legally compliant
   ii) Sound *

   The considerations in relation to the Core Strategy being sound are explained in the Guidance Notes

4. If you consider the Core Strategy is unsound, is this because it is not... (please tick the appropriate box)
   - Justified
   - Effective
   - Consistent with national policy
   - Positively prepared
Please give details of why you consider that the Core Strategy is not legally compliant or sound. Please be as precise as possible.

If you wish to support the legal compliance or soundness of the Core Strategy, please also use the box to set out your comments.

It is simply unacceptable that a town with resources such as roads; education; leisure at “bursting point” can be expected to accommodate 1670 new homes without any guarantee or even proposed provision of extra resource for schools; roads; health facilities; transport etc. The roads are either so clogged with traffic (Whalley Road) or accident black spots (Pendle Road Junction with A59) that it is inevitable that lives will be lost in the near future. Our schools are oversubscribed already; even as far away as Sabden where my own children attended when our local Clitheroe school was “full”.

Please set out what change(s) you consider necessary to make the Core Strategy legally compliant or sound, having regard to the test(s) you have identified at 5 above where this relates to soundness.

You will need to say why this change will make the Core Strategy legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Change the provision in line with the current size of the town e.g. no more than 25% of the total build. Provide guarantees from the builder; LCC; RVBC and related bodies that adequate additional provision will be made to support any developments.

\textbf{case note:} your comment should cover succinctly all the information, evidence, and supporting information necessary to support/justify the comment and the suggested change, as there will not normally be another opportunity to make further comments based on the original comment made at the publication stage.

\textit{This stage}, further submissions will only be at the request of the Inspector, based on the matters and issues he/she identifies for examination in the forthcoming Examination in Public. Please note also that the Inspector is not obliged to consider any previous comments that have been made in respect of the Core Strategy. You are urged, therefore, to re-submit on this form any previously submitted comments that, in your view, remain valid and that you wish the Inspector to consider.
If your representation is seeking change, do you consider it necessary to participate at the oral part of the examination?

- No, I do not wish to participate at the oral examination
- Yes, I do wish to participate at the oral examination

If you wish to participate at the oral part of the examination, please outline why you consider this to be necessary. (Please note that the Inspector will determine who participates.)

If you wish to be kept informed as the Core Strategy progresses through to adoption, please indicate which of the following stages you wish to be informed of by ticking the box(es) below.

- Submission of the Core Strategy to the Secretary of State for independent Examination
- The publication of the Inspector’s report following the Examination
- The formal adoption of the Core Strategy

If you have any other comments to make on the Core Strategy that have not been covered elsewhere, please use the box below.
