CORE STRATEGY CONSULTATION

Dear Sir

I am extremely concerned about the "Core Strategy" for future planning and development in the Ribble Valley.

The huge industrial and housing development from Pendle Road along the green belt area to Clitheroe Golf Club would be a massive blot on the landscape.

There appear to be no plans for supporting infrastructure such as nurseries, schools, health provision and indeed transport. Not to mention the necessary increase in roads to and from the area.

This would be a catastrophic mistake if these plans were to go ahead.

I hope that RVBC councillors and the inspectorate consider the damage this planned strategy would have on Clitheroe and the surrounding area especially regarding tourism and reduction in visitors to the area.

Yours sincerely
