Subject: FEEDBACK ON CONSULTATION 1670 NEW HOMES IN CLITHEROE

We write to express our objections to the proposal of 1670 additional houses being built in Clitheroe. The plan is unsound and ill thought out on the basis of inadequate infrastructure in respect of:

Education
Provision of health service
Leisure
Transport
Utilities

The decision to build 1670 houses is not being based on a credible infrastructure plan and should not proceed.

Your

Clitheroe
