RVBC Planning Dept.

Dear Sir/Madam,

CORE STRATEGY CONSULTATION: objection to Local Housing Plan

I wish to object to the proposed housing development.

I believe that the infrastructure of our health service, the utilities, transport, leisure and education are insufficient to support the development of more housing in Clitheroe.

Clitheroe has 25% of Ribble Valley's population and yet you are suggesting that we take 42% of the planned housing development.

It is essential to the continued success of our town that the area is protected from the enormous housing development that you are proposing.

We, the residents, of Clitheroe need you to represent our feelings, and help to preserve our town. You have already allowed the development of four supermarkets, and have permitted the building of a monstrosity of a building next to the Railway Hotel. One begins to wonder just what are the motives of our Town Planners.

Yours faithfully,
