Subject: Plan to build 1670 houses in Clitheroe

Dear Sirs

I wish to register my objection to the proposals to build an extortionate number of houses in the Ribble Valley.

Clitheroe makes up only 25% of the population of the Ribble Valley therefore I feel we should not have to absorb more than 25% of the planned development; to build any more houses than this would put a huge strain on our resources.

I believe this plan to be unsound on the grounds that our existing infrastructure would not be able to cope with the increased demand for services. Undue strain would be put upon all utilities, the health service, local transport, leisure facilities and schools.

I trust you will take my views into consideration when considering the next stage of the consultation.

Yours sincerely
