Discretionary Disabled Facilities Grant Policy

Housing Grants, Construction and Regeneration Act 1996

The Regulatory Reform (Housing Assistance) (England and Wales) Order 2002

December 2017

1. Introduction

Housing is a key determinant of health and poor housing is directly linked to poor health. This disabled facilities grant policy details the financial assistance that the Council aims to provide to support improvements to enable disabled occupants to remain in their own home through the use of the Better Care Fund allocation.

The Council is required to adopt a Discretionary Disabled Facilities Grant Policy which sets out how it intends to use its discretion to develop schemes having regard to the needs of the Borough, the availability of funding, and the Council's priorities.

This Discretionary Disabled Facilities Grant Policy forms part of the Council's over-arching Housing Strategy.

2. Aims and priorities

Improving the housing conditions across the Borough will support improvements in health and well-being as well as having a positive impact on the quality of local neighbourhoods, particularly for those residents who are vulnerable and cannot access their homes and gardens due to their disability.

This policy sets out in greater detail our offer to disabled occupants and their families. It also details to local Councillors, local residents and our stakeholders how we will work to maintain and improve the provision of adapted property across the borough.

Appendix 1 details the assistance schemes that the Council intends to offer during the life of this policy and sets out specific eligibility criteria relating to each scheme.

The health and well-being of disabled and vulnerable residents is often compromised due to their homes not meeting their specific needs, and this can impact on their ability to live with dignity within their homes.

Disabled Facilities Grants

The Council has a statutory obligation to administer mandatory Disabled Facilities Grants (DFGs) to provide aids and adaptations to enable disabled residents to live independently within their own homes.

The eligibility requirements, scope of works, and the general requirements governing mandatory DFGs are prescribed and the Council is unable to deviate from these requirements.

The Council is required to administer Disabled Facilities Grants to all eligible applicants irrespective of their tenure, and the Council aims to work collaboratively with housing associations to fund aids and adaptations within social housing wherever possible to ensure everyone has the same opportunity to have their home adapted.

In some cases the use of Disabled Facilities Grants is able to assist with reducing the length of stay in hospital and facilitating a quick return to home. This also reduces the demand for residential care placements.

Discretionary Top-up Grant

The Council have agreed to use discretionary powers to provide in eligible cases a top-up award in addition to the £30,000 mandatory grant. In more complex cases the work required often goes over the mandatory grant award maximum. This top-up of a maximum of £10,000 will assist to provide all the required work identified by the Occupational Therapist. In addition to this, the 10% administration fee will also be eligible for the discretionary grant. The additional £10,000 can only be accessed where the full £30,000 of mandatory grant has been utilised. The discretionary element will be registered as a land charge if the works include alterations to the property on owner occupied properties and, in the event the property is sold within a 10 year period, the Council require repayment. * Please see exception policy.

The availability of the top-up grant is at the discretion of the Council and subject to availability of funding.

Ribble Valley Adaptation Grant

For some households the means testing requirement makes them not eligible for assistance. This often means the works are not carried out or don't fully meet the person needs. The Ribble Valley adaptation allows a grant to provide 1 item as recommended by the Occupational Therapist up to a maximum of £5,000 plus the administration fee. This is available to any household who fails the means test. This will fund the cost of the 1 item prioritised by the Occupational Therapist. The applicant can then choose as to whether they fund the remaining works themselves. The full grant will be registered as a land charge if the works include alterations to the property on owner occupied properties and, in the event the property is sold within a 10 year period, the Council require repayment. * Please see exception policy.

The availability of the Ribble Valley Adaptation Grant is at the discretion of the Council and is subject to the availability of funding.

Review of the policy

The ability to provide Discretionary Top up and Ribble Valley Adaptation grants will be reviewed quarterly with regard to financial capacity to award the discretionary element. Mandatory grants will take priority.

The provision of Discretionary Top up and Ribble Valley Adaptation DFGs will be reported to each Health and Housing Committee.

The policy will be reviewed annually by the Health and Housing Committee.

Priority 1 – Assist disabled and vulnerable residents to remain in their homes through the provision of aids and adaptations
