Fraud Briefing 2014

Ribble Valley Borough Council

Purpose of Fraud Briefing

Provide an information source to support councillors in considering their council's fraud detection activities

Extend an opportunity for councillors to consider fraud detection performance, compared to similar local authorities

Give focus to discussing local and national fraud risks, reflect on local priorities and the proportionate responses needed

Be a catalyst for reviewing the council's current strategy, resources and capability for tackling fraud

Understanding the bar charts

Outcomes for the first measure for your council are highlighted in yellow in the bar charts. The results of your comparator authorities are shown in the green bars.

Outcomes for the second measure for your council are highlighted as a green symbols above each bar. The results of your comparator authorities are shown in the white triangles.

A ‘*’ symbol has been used on the horizontal axis to indicate your council.

All data are drawn from council submissions on the Audit Commission’s annual fraud and corruption survey for the financial year 2013/14.

In some cases, council report they have detected fraud and do not report the number of cases and/or the value. For the purposes of this fraud briefing these ‘Not Recorded’ records are shown as Nil.

Interpreting fraud detection results

Contextual and comparative information needed to interpret results

Detected fraud is indicative, not definitive, of counter fraud performance (*Prevention and deterrence should not be overlooked*)

No fraud detected does not mean no fraud committed (*Fraud will always be attempted and even with the best prevention measures some will succeed*)

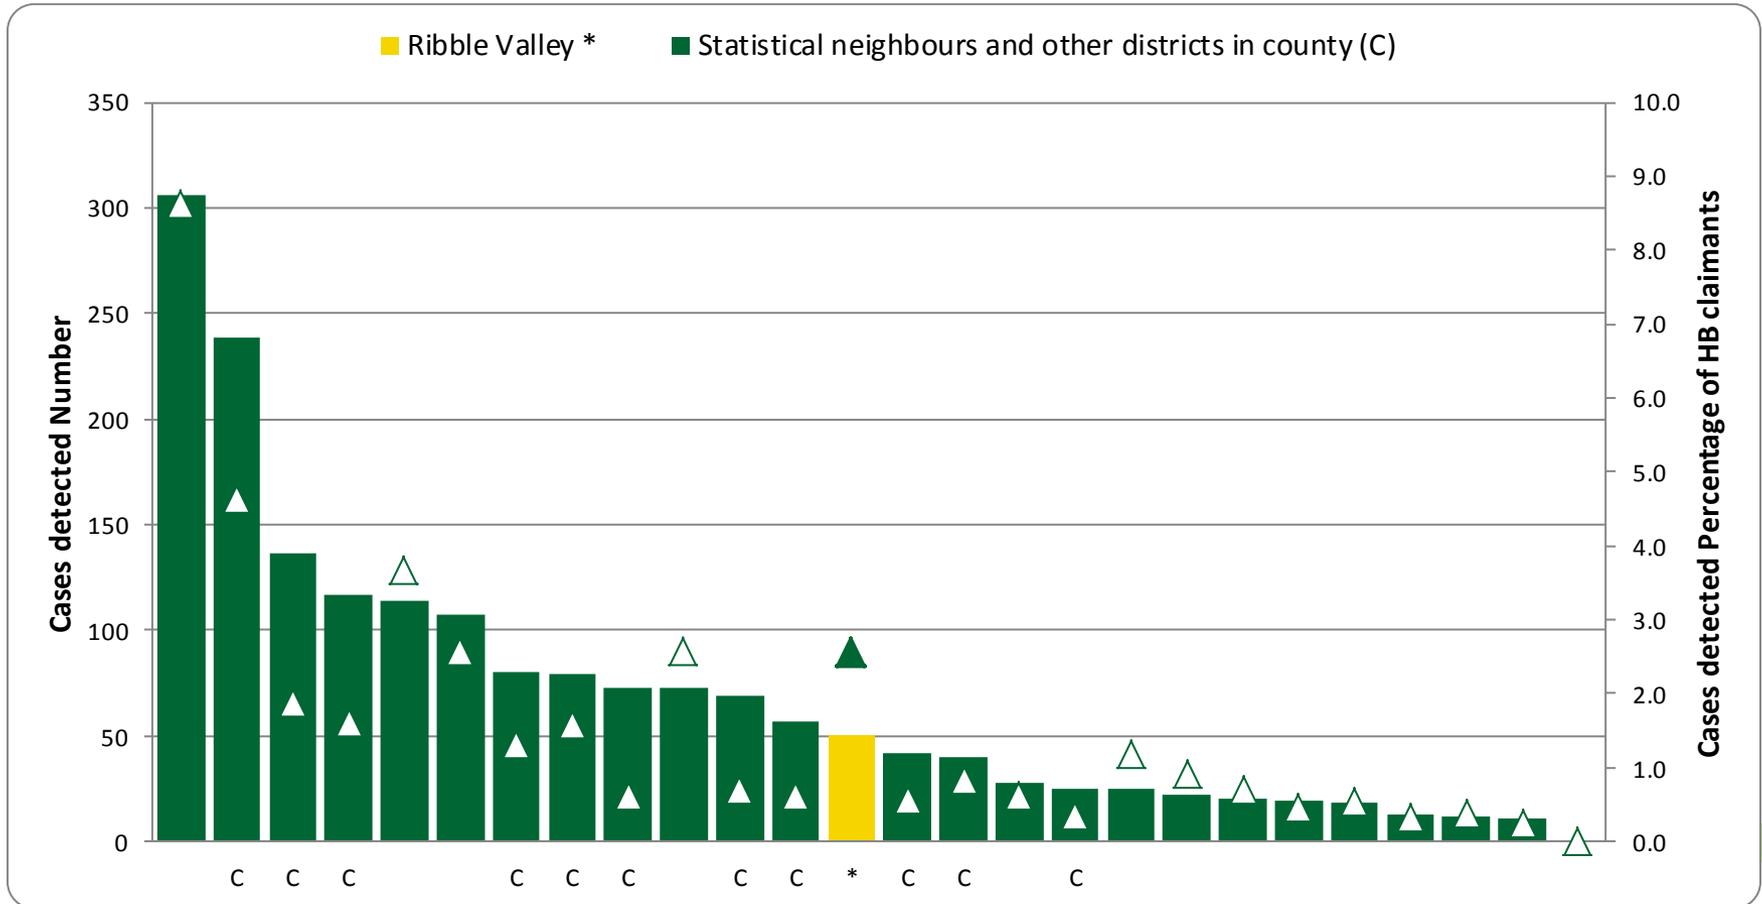

Councils who look for fraud, and look in the right way, will find fraud (*There is no such thing as a small fraud, just a fraud that has been detected early*)

Housing Benefit (HB) and Council Tax Benefit (CTB) 2013/14

Total detected cases, and as a proportion of housing benefit caseload

Ribble Valley

Ribble Valley detected 50 cases of this type of fraud. The value of detected fraud was £51,423.

Average for statistical neighbours and county: 69 cases, valued at £150,767

Council tax discount fraud 2013/14

 Average for statistical neighbours and county: 9 cases, valued at £527

Councils without housing stock 2013/14

Housing tenancy fraud

4 per cent of social housing stock in London and 2 per cent outside London is subject to tenancy fraud

Second largest fraud loss to local government, £845 million

Combined with housing associations the total loss in England, £1.8 billion

The Prevention of Social Housing Fraud Act 2013: criminalises tenancy fraud

Councils have powers to investigate and prosecute tenancy fraudsters on behalf of housing associations

Should you be using this legislation and powers to work in partnership with local housing associations?

Using information and data

Are our remaining counter-fraud resources and skill sets adequate after our benefit fraud investigators have left to join SFIS?

Are local priorities reflected in our approach to countering fraud?

Have we considered counter-fraud partnership working?

Are we satisfied that we will have access to comparative information and data to inform our counter-fraud decision making in the future?

Any questions?
