INFORMATION

RIBBLE VALLEY BOROUGH COUNCIL REPORT TO POLICY & FINANCE COMMITTEE

Agenda Item No 21

meeting date: 8 SEPTEMBER 2015 title: TREASURY MANAGEMENT MONITORING 2015/16 submitted by: DIRECTOR OF RESOURCES principal author: TRUDY HOLDERNESS

1 PURPOSE

- 1.1 To provide you with a monitoring report on our treasury management activities for period 1 April 2015 to 31 July 2015.
- 1.2 Relevance to the Council's ambitions and priorities:
 - In accordance with the corporate strategy priority -"to ensure a well-managed Council, by maintaining critical financial management and controls." This report provides members with information regarding the treasury management activities for the period.
- 1.3 You have previously approved a treasury management policy in accordance with CIPFA's code of practice on treasury management for Local Authorities.
- 1.4 In accordance with this policy committee should receive a quarterly monitoring report on the Council's treasury management operations.

2 BACKGROUND

- 2.1 Events in recent years have raised the profile of the treasury management function and highlighted the potential serious risks involved.
- 2.2 The Council borrows any money it requires to fund its capital spending plans from the Public Works Loan Board. They make funds available for long loan periods at interest rates just below market rates and lend to Government and Public bodies. The Council rarely borrows to fund its revenue activities and is much more likely at any point in time to have surplus funds to invest.
- 2.3 On a daily basis we assess our cash flow position. To do this we estimate the funds we expect to receive e.g. council tax payments, grants and fees, and deduct any known payments we expect to make e.g. precepts, creditors and salaries.
- 2.4 On most days the Council is in a position where it has surplus funds available to invest.
- 2.5 How we invest these surplus funds is governed by the Council's Treasury Management policies and practices agreed and reported to Policy and Finance Committee and ultimately Full Council.
- 2.6 The main points being:
 - (i) The Council maintains a list of organisations it will lend its surplus funds to, which is regularly reviewed. The current list is shown in section 7 of this report.
 - (ii) The Council has maximum limits for each institution of £1.5m with the exception of the Debt Management Office (DMO), where the Government guarantees investments. Our limit with the DMO is currently £5m.

- (iii) The safety of our investments is paramount and not the requirement to maximise returns.
- (i) Our policy has been to only lend to major British Banks and Building Societies relying on the assumption that the Government would be unlikely to allow a major bank/building society to fail.
- 3 PUBLIC WORKS LOAN BOARD
- 3.1 Nationally, bank base interest rates have remained static at 0.5% in the period.
- 3.2 This low interest rate has had no immediate effect on the interest payable on the Council's long-term loan debt from Public Works Loan Board (PWLB), which is all at fixed interest rates. However, it has resulted in a continued low level of income from our temporary investments.
- 3.3 From 1 November 2012, the Government reduced by 20 basis points (0.20%) the interest rates on loans from PWLB. The reduction was to be applicable for those councils that provide 'improved information and transparency' on 'borrowing and associated capital spending plans'.
- 3.4 The discount is being provided largely in return for the government's request for local authorities to voluntarily provide information on their three year plans for borrowing, capital spend, debt financing and also a commentary on the main capital priorities to be financed over the period. By receiving this information the government will be better able to build more robust forecasts of public expenditure.
- 3.5 The returns are requested on an annual basis and must be completed in order to qualify for the certainty discount rate. A return has been submitted for Ribble Valley Borough Council and we are now listed as an eligible council on the PWLB website. This eligibility will remain until 31 October 2015, by which time a further return will have been made and a new eligibility list published for the following 12 months.
- 4 BORROWING REQUIREMENTS
- 4.1 The movement on the Council's external borrowing can be summarised as follows.

| | PWLB £000 | Other £000 | Total £000 |
|-------------------------------|--------------|---------------|---------------|
| External Debt at 1 April 2015 | 241 | 7 | 248 |
| Transactions - New Loans | 0 | 0 | 0 |
| - Repayments | 0 | 0 | 0 |
| External debt at 31 July 2015 | 241 | 7 | 248 |

- 4.2 No temporary loans were taken out during April to July 2015, as was the case in 2014.
- 4.3 No interest has been paid on the Council's external debt during the periods April to July 2014 and 2015, as it does not become due until the half year instalment date on 30 September 2015.

5 TEMPORARY INVESTMENTS

- 5.1 In accordance with the treasury management policy, surplus funds are temporarily invested via the money market at the best rate of interest available with the minimisation of risk to the capital sum.
- 5.2 The average interest we received on all external investments for the period 1 April 2015 to 31 July 2015 was 0.35%, which was above the average local authority seven-day notice deposit rate of 0.30%.
- 5.3 The movement in the Council's external investments are shown in Annex 1 and can be summarised as follows:

| | Banks/Building Societies £000 | Other Local Authorities £000 | Total £000 |
|------------------------------------|-------------------------------------|------------------------------------|---------------|
| Monies Invested at 1 April 2015 | 5,220 | 0 | 5,220 |
| Transactions - New Investments | 31,585 | 0 | 31,585 |
| - Repayment of Investments | -26,415 | -0 | -26,415 |
| Monies Invested as at 31 July 2015 | 10,390 | 0 | 10,390 |

5.4 The following investments were held as at 31 July 2015.

| Date Invested | Nos. | Borrower | Notice | Rate % | £'000 | £'000 |
|------------------|--------|-----------------------------|------------------|-----------|-------|--------|
| 8 Jun'15 | 56 | Barclays Bank Plc. | Fixed 7 Aug'15 | 0.350 | 500 | |
| 29 Jun'15 | 66 | Barclays Bank Plc | Fixed 11 Aug'15 | 0.340 | 500 | |
| 31 Jul'15 | 92 | Barclays Bank Plc | Fixed 7 Sept'15 | 0.342 | 500 | |
| | | | | | | 1,500 |
| 22 Jun'15 | 1 | Coventry Building Society | Fixed 11 Aug'15 | 0.410 | 500 | |
| 6 Jul'15 | 52 | Coventry Building Society | Fixed 11 Aug'15 | 0.410 | 1,000 | |
| | | | | | | 1,500 |
| 20 Jul'15 | 83 | Bank of Scotland | Fixed 10 Aug'15 | 0.400 | 400 | |
| 28 Jul'15 | 87 | Bank Of Scotland | Fixed 17 Sept'15 | 0.450 | 1,100 | |
| | | | | | | 1,500 |
| 13 Jul'15 | 69 | Lloyds Bank Plc | Fixed 19 Aug'15 | 0.430 | 520 | |
| 15 Jul'15 | 80 | Lloyds Bank Plc | Fixed 19 Aug'15 | 0.400 | 830 | |
| | | | | | | 1,350 |
| 7 Jul'15 | 74 | Nationwide Building Society | Fixed 11 Aug'15 | 0.430 | 1,500 | |
| | | | | | | 1,500 |
| 31 Jul'15 | 91 | Debt Management Office | Fixed 11 Aug'15 | 0.250 | 2,500 | |
| | | | | | | 2,500 |
| 23 Jul'15 | 85 | HSBC Bank Plc | Fixed 3 Aug'15 | 0.210 | 130 | |
| 30 Jul'15 | 89 | HSBC Bank Plc | Fixed 10 Aug'15 | 0.210 | 150 | |
| 31 Jul'15 | 90 | HSBC Bank Plc. | Fixed 10 Aug'15 | 0.210 | 260 | |
| | | | | | | 540 |
| Total I | nvestm | ents as at 31 July 2015 | | | | 10,390 |

- 5.5 The total interest received on the Council's external investments during the period was £7,955 compared with £4,344 in the previous year.
- 6 PRUDENTIAL INDICATORS
- 6.1 The Prudential Code for Capital Finance in Local Authorities (the Code) initially came into effect from 1 April 2004. It regulates the Council's ability to undertake new capital investment.
- 6.2 It was fully revised in 2009 to take account of the implications of the implementation of the International Financial Reporting Standard (IFRS) and has since been updated following regulatory changes resulting from the Localism Bill (2011).
- 6.3 In accordance with this Code the Council agreed to monitor four prudential indicators as follows. This committee approved these in March 2015.
 - Upper limits on variable rate exposure. This indicator identifies a maximum limit for variable interest rates based upon the debt provision net of investments.
 - Upper limits on fixed rate exposure. Similar to the previous indicators, this covers a maximum limit on fixed interest rates
 - Maturity structure of borrowing. These gross limits are set to reduce the Council's exposure to large fixed rate sums falling due for refinancing.
 - Total principal funds invested for a period longer than 364 days. These limits are set to reduce the need for early sale of an investment and are based on the availability of investments after each year-end
- 6.4 The limits set on interest rate exposures for 2015/16 were as follows:

| | Upper Limit £000 | Current Actual £000 |
|---|------------------------|---------------------------|
| Maximum Principal Sums Borrowed >364 days | 7,015 | 248 |
| Limits on Fixed Interest Rates | 7,015 | 248 |
| Limits on Variable Interest Rates | 1,403 | 0 |

6.5 The upper and lower limits for the maturity structure of its borrowings for 2015/16 were as follows:

| | Upper Limit | Lower Limit | Current Actual |
|--------------------------------|-------------|-------------|-------------------|
| | % | % | % |
| Under 12 months | 20 | 0 | 14.27 |
| 12 Months and Within 24 Months | 20 | 0 | 14.27 |
| 24 Months and Within 5 Years | 40 | 0 | 17.62 |
| 5 Years and Within 10 Years | 30 | 0 | 20.56 |
| 10 Years and Above | 90 | 0 | 33.27 |

- 6.6 The total principal funds invested for a period longer than 364 days was set at nil. This indicator is in place to ensure that the council is aware of the cash-flow implications of investing for periods of longer than 364 days. In lending surplus funds, the council must ensure that it can't be put in a position where it would be forced to realise any of its investments before their maturity. If this were to be the case, the council could find itself with a financial loss.
- 6.7 An amendment to the definition for the Prudential Indicator on maximum long term (>364 days) to exclude shareholding in the Local Government Bonds Agency (Local Capital Finance Company Ltd) was approved by this committee in October 2014.
- 6.8 No investments (excluding our shareholding in the Local Government Bonds Agency (Local Capital Finance Company Ltd) have been made in the period for longer than 364 days.
- 7 LOCAL GOVERNMENT BONDS AGENCY
- 7.1 The Local Government Bonds Agency is a freestanding independent body owned by the local government sector that will raise money efficiently on the capital markets at regular intervals to on-lend to participating local authorities.
- 7.2 Participating authorities are those local authorities that have invested in the setting up of the Agency or have invested risk capital to capitalise the Agency and fund it through its early years of operations. The agency has been incorporated with the name Local Capital Finance Ltd.
- 7.3 Ribble Valley Borough Council has invested in the agency, giving an intention to give support of £10,000. Initially the Agency only drew down £4,000 of our commitment due to the overwhelming level of support it had received, with the remaining balance paid in February 2015. So far 60 Councils have joined the Local Government Bond Agency as investors.
- 7.4 The Agency will offer a viable alternative source of capital funding to councils, other than the Public Works Loans Board (PWLB). Historically we have used the PWLB for our long term borrowing, but rates for new borrowing have started to increase over recent years. The Local Government Bonds Agency will be able to offer loans at better or at least equivalent rates to the PWLB and tailor packages to meet the particular needs of participating authorities.
- 7.5 Through their investment, such as our own commitment of £10,000, the Agency will be owned by those local authorities that invest in its establishment and those that invest in its capitalisation during its first ten years of operations. Such authorities will become shareholders in the Agency and therefore we, as other authorities, will have our say in the way it is run.
- 7.6 The contribution that we have invested will be returned to us after 10 years of successful operations of the agency, together with interest which will be earned at commercial rates. The contribution will also allow us access to more competitive long term borrowing rates.
- 8 APPROVED ORGANISATIONS
- 8.1 Principally, Fitch credit ratings are used as an indication of the probability of organisations defaulting on our investments and are defined in Annex 2. They only show an indication of the current credit position. They are being monitored on a regular basis and any significant changes will be reported to this committee. In addition, we monitor and consider the ratings given by rating agents Standard and Poor, and Moody's together with the Fitch ratings prior to investing any monies on a day-to-day basis. The full list of ratings

for our approved institutions is shown at Annex 3, and is a snapshot as at 13 August 2015.

8.2 It has previously been approved that investments with Building Societies be limited to the top 8 building societies based on their total assets, excluding West Bromwich Building Society, these are:

| Name | Curr Rank | | | ling | | |
|----------------|-------------------|----------------|---------------------------------------|--------------|---------------|--|
| | September 2014 | August 2015 | Full Transaction Review Date | Long Term | Short Term | |
| Nationwide* | 1 | 1 | 04.06.15 | А | F1 | |
| Yorkshire | 2 | 2 | 04.06.15 | A- | F1 | |
| Coventry* | 3 | 3 | 15.07.15 | А | F1 | |
| Skipton | 4 | 4 | 04.06.15 | BBB+ | F2 | |
| Leeds* | 5 | 5 | 15.07.15 | A- | F1 | |
| Principality* | 6 | 6 | 04.06.15 | BBB+ | F2 | |
| West Bromwich* | 7 | 7 | Withdrawn from rating process | | | |
| Newcastle* | 8 | 8 | 15.07.15 BB+ B | | | |

* No change since last reported

8.3 The banks we use are reviewed annually as part of the Treasury Management Practices to take into account their Fitch IBCA long-term and short-term credit rating. The current ratings are as follows:

| Fitch Ratings | Fitch's Full Transaction Review Date | Long Term | Short Term | | |
|---------------------------------------|--|----------------|---------------|--|--|
| Santander UK Plc* | 15.07.15 | А | F1 | | |
| Barclays Bank Plc* | 19.05.15 | А | F1 | | |
| Bank of Scotland Plc | 19.05.15 | 19.05.15 A+ F1 | | | |
| Bradford & Bingley Bank Plc. | Rating Withdrawn – 06.09.12 | | | | |
| Co-operative Bank (The) * | 05.12.14 | В | В | | |
| HSBC Bank Plc* | 19.05.15 | AA- | F1+ | | |
| Lloyds Bank Plc | 19.05.15 | A+ | F1 | | |
| National Westminster Bank Plc. | 19.05.15 | BBB+ | F2 | | |
| Northern Rock (Asset Management) Plc. | Rating Withdrawn – 06.09.12 | | | | |
| Royal Bank of Scotland Plc. (The) | 19.05.15 | BBB+ | F2 | | |

* No change since last reported

8.4 In addition to the building societies and banks we use for investments, also approved for use is the United Kingdom Debt Management Office, where the Government guarantees investments.

9 RECENT EVENTS

- 9.1 The Office for Budget Responsibility (OBR) estimates that the government could raise about £32bn in 2015/16 from selling public assets. The largest chunk of which would be about £13bn from the sale of the government's stake in Lloyds Banking Group, Followed by about £12bn from the sale of UK Asset Resolution, which owns the remaining bits of Northern Rock and Bradford and Bingley. Other sales include more of the government's stake in the Royal Bank of Scotland, Royal Mail and the Student Loan book.
- 9.2 The sale of public assets does not reduce the amount the government needs to borrow in a year. It does reduce the country's overall debt, which also reduces the amount of interest that has to be paid each year. However, while the government gets cash upfront when it privatises something, it loses its share of any profits that might have been made in the future.
- 9.3 There is still concern about the Eurozone even though the Greek economy has had a surprise return to growth of 0.8% in the second quarter of the year, confounding expectations of a steep contraction.
- 9.4 It is imperative that we continue to protect the council's principal sums invested in order to minimize its exposure to risks.
- 9.5 To ensure our exposure is limited as far as possible, we have continued with the following measures:
 - (i) Daily early morning meetings to discuss the latest position
 - Lending arrangements
 - A review of the Markets
 - A review of our current investments and whether we consider they are still safe.
 - Institution Ratings
 - (ii) Authorisation prior to investments with either the Director of Resources or the Head of Financial Services
 - (iii) Keep Leader/Chief Executive informed
 - (iv) Look to arrange new secure options for investments

10 CONCLUSION

- 10.1 It is essential to minimise the risk to the principal sums that are invested. Through the careful investment of sums in line with the council's strategy the level of risk in our investments has been kept to a minimum.
- 10.2 With interest rates remaining at low levels, the amount of income received from investing surplus cash balances continues to be low, but marginally higher than those attained for the same period in the 2014/15 financial year.
- 10.3 Due to the continued movement in judgements made by rating agents, and the continued uncertainty in the Eurozone, a prudent approach continues to be followed in the investment of any surplus cash balances on a day to day basis.

POLICY AND FINANCE COMMITTEE

| Fitch Rating Definitions International Long-Term Credit Ratings | | | | | | | | | |
|---|--|--|--|--|--|--|--|--|--|
| Long-term credit rating can be used as a benchmark measure of probability of default. | | | | | | | | | |
| AAA | Highest credit quality. 'AAA' denotes the lowest expectation of credit risk. They are assigned only in case of exceptionally strong capacity for payment of financial commitments. This capacity is highly unlikely to be adversely affected by foreseeable events. | | | | | | | | |
| AA | Very high credit quality. 'AA' ratings denote expectation of low credit risk. They indicate very strong capacity for payment of financial commitments. This capacity is not significantly vulnerable to foreseeable events. | | | | | | | | |
| A | High credit quality. 'A' ratings denote expectations of low credit risk. The capacity for payment of financial commitments is considered strong. This capacity may, nevertheless, be more vulnerable to changes in circumstances or in economic conditions than in the case for higher ratings. | | | | | | | | |
| BBB | Moderate default risk. 'BBB' National Ratings denote a moderate default risk relative to other issuers or obligations in the same country. However changes in circumstances or economic conditions are more likely to affe the capacity for timely repayment than is the case for financial commitments denoted by a higher rated category | | | | | | | | |
| | International Short-Term Credit ratings | | | | | | | | |
| | ng has a time horizon of less than 13 months for most obligations and thus ter emphasis on the liquidity necessary to meet financial commitments | | | | | | | | |
| F1 | Highest credit quality. Indicates the strongest capacity for timely payment of financial commitments; may have an added "+" to denote any exceptionally strong credit feature. | | | | | | | | |
| F2 | Good credit quality. A satisfactory capacity for timely payment of financial commitments, but the margin of safety is not as great as in the case of the higher ratings. | | | | | | | | |
| F3 | Fair credit quality. The capacity for timely payment of financial commitments is adequate; however, near term adverse changes could result in a reduction to non-investment grade. | | | | | | | | |
| В | Indicates an uncertain capacity for timely payment of financial commitments relative to other issuers or obligations in the same country. Such capacity is highly susceptible to near-term adverse changes in financial and economic conditions. | | | | | | | | |
