### 3. ISSUES

3.1 The Council's Taxi Enforcement Officer inspected 10 vehicles. 6 were found to be of the required standard. Four vehicles were not of the required standard. The drivers of 3 of those vehicles were served with delayed prohibition notices requiring work to be carried out on their vehicles within 7 days. The notices related to a hole in the off side rear sill, the off side ball joint and the near side ball joint. The Council's Taxi Enforcement Officer has monitored whether this work has been carried out. One of the vehicles has had a new MOT certificate issued. Two of the three vehicles have had the required works carried out, but one has not and so has had its licence suspended until this is received. The remaining vehicle was found to have two tyres with tread below the legal limit. This vehicle was issued with a prohibition notice and was taken off the road with immediate effect.

3.2 The Council has issued a press release notifying the public of the results of the operation.
