14 August, 2018

Dear Sir or Madam

I moved to Clitheroe last November. I chose this house in Clitheroe because this town has beautiful rural feeling around. And also the size of the town itself was perfect. But now I realised there are few large developments around the town. I heard there will be more than 1000 houses coming off Pendle road.

It is very sad thing to happen to the town like this. It is just too many new houses being built.

And I heard that there are plan for more houses just off Highmoor park estate.

Those large development at the top of the Pendle road is not finished yet. And more houses off Pendle road? It will cause huge problem on this road .

Pendle road can't cope with any more traffics.

I worry that we don't have enough school places for the children and will be shortage of Doctors . Residents in Clitheroe will suffer.

Please consider the impact of these new houses.

Yours Sincerely,
