# Ward Profile – Wilpshire

### BACKGROUND

This ward profile is part of series providing key statistical data for each of the 24 wards which make up the district of Ribble Valley. The aim of this profile is to describe the key characteristics of each ward – demography, housing and employment in the context of the rest of Ribble Valley, regionally and nationally. This ward profile supplements the larger Ribble Valley profile, which provides a more comprehensive picture of the district.

The ward includes the following areas: Wilpshire.

#### **Points of Interest**

The village is situated on the A666 Whalley Road, between the Brownhill area of Blackburn and the village of Langho. The local railway station is Ramsgreave and Wilpshire on the Ribble Valley Line, with train services to Blackburn, Manchester and Clitheroe.

The only pub in the village is the Wilpshire Hotel, formerly known as The Red House.

Wilpshire Golf Club is a private golf club in the village, was founded in 1890. Originally it was a nine hole course but extended to an eighteen hole course in 1907.

The ward has two borough Conservative councillors - Cllr Stuart Hirst and Cllr Sue Bibby

Cllr Stuart Hirst 01254 240912 <u>cllr.hirst@ribblevalley.gov.uk</u>

Cllr Sue Bibby 01254 248446 <u>cllr.bibby@ribblevalley.gov.uk</u>

### **OVERVIEW**

- Wilpshire's ward population in 2011 stood at 2,852.
- The ward is more less populated than the average for the borough.
- The ward has a higher percentage of residents aged 5 to 19 and 45 to 64 and a lower percentage of residents aged 0 to 4 and 20 to 44 compared to the national, Lancashire and district average.
- 95.78% of residents in Wilpshire are White.

• Wilpshire has one LSOA is in the bottom 20% in the Barriers to Housing and Services domain and the other LSOA is in the bottom 40%.

•The ward is mainly a mix of the following main socio-economic groups:

- Residents of isolated rural communities
  Residents of small and mid-sized towns with
- strong local roots
- Wealthy people living in the most soughtafter neighbourhoods
- Successful professionals living in suburban or semi-rural homes
- Middle income families living in moderate suburban semis

•There are no schools within the ward. •Just over 13% of residents have no

- qualifications; this is lower than the Ribble Valley figure of 18.3% and much lower than the national figure of 27%.
- 42.6% of the residents of the ward have a level
   4 educational qualification compared to nearly
   34% in Ribble Valley and only 25% in
   Lancashire

## Population

Mosaic

RIME

Education

• 67.52% of working age people (16-74) in the ward are classed as economically active.

 84.28% of respondents in the ward indicated their day to day activities are not limited due to health or disability, this is a slightly higher rate than the average for the borough with 83.29%. 6.39% indicated they were limited a lot.

• A high percentage of respondents (85.67%) in the ward rate their general health as good or very good. • Recorded crime in Wilpshire is 16.3 per 1,000 population compared to 31.5 as the Ribble Valley district average and 63.5 as the Lancashire County average (March 2014 – February 2015).

• There were 96.4 calls to the Police, 68.9 calls to Ambulance services and 0.8 calls to Fire and Rescue services per 1,000 population in the ward.

• In the same period there were 10.1 calls per 1,000 population made to the Police regarding anti-social behaviour.

The ward consists of 1,009 households, an increase of 16 between the 2001 and 2011 Census.
94.61% of households are owner occupiers.

- 94.61% of households are owner occupiers. The rented sector consists of only 4.9% of households, with the majority being private rented stock.
- Wilpshire has a high percentage of detached (48.27%) and semi-detached (39.54%) properties.

### 2 **DEPRIVATION**

The Index of Multiple Deprivation 2015 (IMD) measures deprivation down to Lower Super Output Area (LSOA) level – areas containing around 1,500 people. 32,482 LSOAs (nationally) make up the IMD with each area being scored across 8 domains (see below) then ranked from most to least deprived, with the 326 English districts also being ranked. Ribble Valley is made up of 40 LSOAs.

LSOA	Ward	Index of Multiple Deprivation Decile (IMD)	Income Decile	Employment Decile	Health Deprivation and Disability Decile	Crime Decile	Education, Skills and Training Decile	Barriers to Housing and Services Decile	Living Environment Decile
E01025352	Wilpshire	10	10	10	10	9	10	2	10
E01025353	Wilpshire	10	10	9	9	9	10	4	8

#### (where $1^{st}$ decile is most deprived, $10^{th}$ decile is least deprived)

The table above shows the eight IMD domains split by LSOA and ranks all LSOAs nation-wide. Those areas most deprived are ranked in the top 10% - the 1<sup>st</sup> decile (red) and the least deprived are the higher numbers (green).

As can be seen Wilpshire has one LSOA is in the bottom 20% in the Barriers to Housing and Services domain and the other LSOA is in the bottom 40%.

#### What do the Ranks mean?

Education Skills and Training - measures the extent of deprivation in terms of education, skills and training in an area. The indicators are structured into two sub-domains: one relating to children and young people and one relating to adult skills.

Crime - measures the rate of recorded crime in an area for four major crime types representing the risk of personal and material victimisation at a small area level.

Employment - measures employment deprivation in an area conceptualised as involuntary exclusion of the working age population from the labour market.

Barriers to Housing and Other Services - measures the physical and financial accessibility of housing and key local services. The indicators fall into two sub-domains: 'geographical barriers', which relate to the physical proximity of local services, and 'wider barriers' which includes issues relating to access to housing such as affordability.

Health and Disability - measures premature death and the impairment of quality of life by poor health. It considers both physical and mental health. The domain measures morbidity, disability and premature mortality but not aspects of behaviour or environment that may be predictive of future health deprivation.

**Income** - measures the proportion of the population in an area experiencing deprivation related to low income.

Living Environment - measures the quality of individuals' immediate surroundings both within and outside the home. The indicators fall into two sub-domains: the 'indoors' living environment, which measures the quality of housing, and the 'outdoors' living environment which contains two measures relating to air quality and road traffic accidents.

### 3 MOSAIC DATA

Mosaic UK is Experian's system for classification of UK households. It is one of a number of commercially available geodemographic segmentation\_systems, applying the principles of geodemography to consumer household and individual data collated from a number of governmental and commercial sources. The current version, Mosaic UK 2009, classifies the UK population into 15 main socio-economic groups and, within this, 67 different types.

Mosaic has found application outside their original purpose of direct marketing, including governmental estimates and forecasts, and it is also used extensively in understanding local service users. Mosaic also introduced Mosaic Public Sector with more politically correct segment names.

### **4 EDUCATION**

• Wilpshire has no schools within the ward.

- 13.5% of residents have no qualifications; this is lower than the Ribble Valley figure of 18.3% and the the Lancashire figure of nearly 24%, the North West level of 24% and higher than the national figure of 22.5%.
- Level 4 and above qualifications cover: Degree (BA, BSc), Higher Degree (MA, PhD), NVQ Level 4-5, HNC, HND, RSA Higher Diploma, BTEC Higher level, Professional Qualifications (Teaching, Nursing and Accountancy). 42.6% of the residents of the ward have achieved this level of education much higher than the 34% in Ribble Valley, 25% in Lancashire and 27% in England.

### 5 EMPLOYMENT/UNEMPLOYMENT

- According to the findings from the 2011 Census 67.52% of working age people (16-74) in Wilpshire are classed as economically active, lower than the Lancashire figure of 68.11% the England figure of 69.91% and the Ribble Valley figure of 71.87%.
- Unemployment is relatively low in the ward at 1.7% in comparison to the England figure of 4.38%, the Ribble Valley figure of 2.06% and the Lancashire figure of 3.76%.
- Economic inactivity in the ward can mostly be apportioned to being 'retired'.

#### Job Seekers Allowance (JSA)

- The Jobseeker's Allowance (JSA) is payable to people under pensionable age who are available for, and actively seeking, work.
- A small percentage of the working age population of the ward are claiming Job Seekers Allowance as at February 2015 (0.5%), slightly lower than the figure for Ribble Valley (0.6%) and lower than that for Great Britain (2.0%).

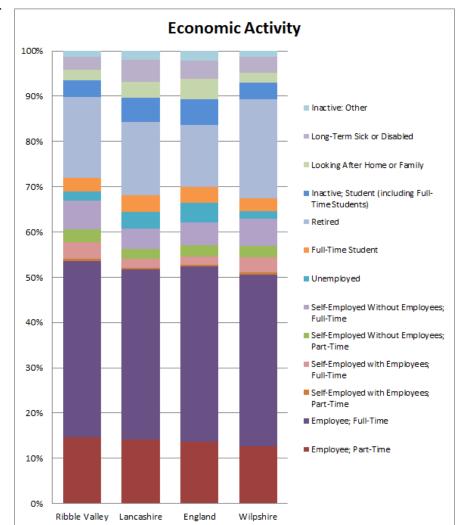

### Total JSA claimants (February 2015)

	Wilpshire (%)	Ribble Valley (%)	Great Britain (%)
All people	0.5	0.6	2.0
Males	0.8	0.8	2.6
Females	#	0.4	1.4

Source: claimant count with rates and proportions

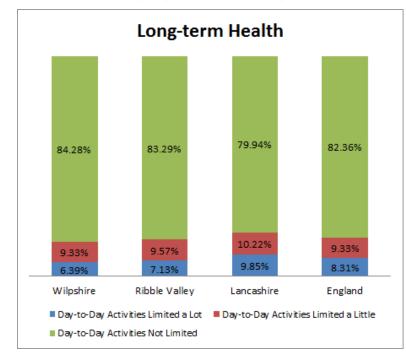

Note: The percentage figures show the number of JSA claimants as a proportion of resident population aged 16-64.

 Information from the DWP regarding benefit payments is currently unavailable for Wilpshire.

### 6 HEALTH

- In the 2011 Census 84.28% of respondents in the ward indicated that their day to day activities are not limited due to health or disability, this is a higher rate than the average for the borough with 83.29%. 6.39% indicated they were limited a lot (Ribble Valley 7.13%), which is lower than the Lancashire figure of 9.85%.
- 85.67% of residents in Wilpshire rate their health as good or very good, which is higher than the England average of 81.39%.
- The health of people in Ribble Valley is generally better than the England average. Deprivation is lower than average, however about 6.6% (600) of children live in poverty. Life expectancy for both men and women is higher than the England average. Life expectancy is not significantly different for people in the most deprived areas of Ribble Valley than in the least deprived areas.

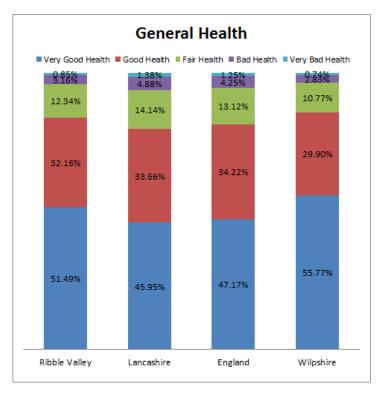

• Child health - In Year 6, 11.4% (67) of children are classified as obese, better than the average for England. The rate of alcohol specific hospital stays among those under 18 was 57.9\*.<sup>1</sup> This represents 7 stays per year. Levels of breastfeeding and smoking at time of delivery are worse than the England average. Levels of GCSE attainment are better than the England average.

#### • Adult health - In 2012, 18.6% of

adults were classified as obese, better than the average for England. The rate of alcohol related harm hospital stays was 522\*, better than the average for England. This represents 300 stays per year. The rate of self-harm hospital stays was 154.5\*. This represents 81 stays per year. The rate of smoking related deaths was 309\*. This represents 111 deaths per year. The rate of people killed and seriously injured on roads is worse than average. Rates of sexually transmitted infections and TB are better than average. Rates of statutory homelessness, violent crime, long term unemployment and drug misuse are better than average.

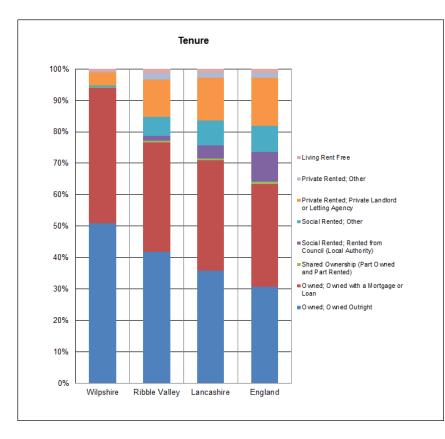

• Local priorities - priorities in Ribble Valley include alcohol harm reduction, long term conditions including dementia and access from rural settings.

<sup>&</sup>lt;sup>1</sup> \* rate per 100,000 population

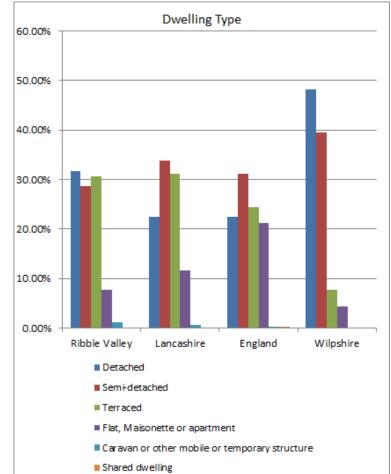

### 7 HOUSING AND TENURE

- Wilpshire consists of 1,009 households. The number of households in the ward has increased by 16 between the 2001 and 2011 Census.
