Kathryn, as discussed, comments for the Appellant.

- It is important that the Inspector walks, not just drives, the routes people would walk from the site to the facilities in Langho.
- This specifically includes Whitehalgh Lane and the A59-Northcote Road route.
- It is important these routes go the length of Whalley Rd between the Spar and the Station, as there isn't a single "centre" point.
- A suggested walking route is below, but I'm happy for the above points to be incorporated into a wider plan.

Thanks
Chris
