With regard to your letter dated the 16<sup>th</sup> June 2016

The Highway Development Control Section does not have any objections regarding the proposed extension and alterations and are of the opinion that the proposed development should have a negligible impact on highway safety and highway capacity in the immediate vicinity of the site.

Based on the car parking recommendations in the Joint Lancashire Structure Plan and the Ribble Valley Parking Standards, the Highway Development Control Section is of the opinion that the applicant has provided adequate off road parking provision for this type and size of development.

If you have any questions please do not hesitate to contact me.

Yours sincerely

Stewart Gailey  
Highway Development Control Engineer
